ACI Worldwide, Inc. Reports Financial Results for the Quarter Ended June 30, 2023

Q2 2023 HIGHLIGHTS

- Recurring revenue grew 5%, adjusting for FX and divestiture¹
- Bank segment recurring revenue grew 13%, adjusting for FX and divestiture¹
- Biller segment revenue grew 5%
- Improvement in Biller segment profitability
- Reiterating guidance for full-year 2023

Miami, FL — August 3, 2023 — ACI Worldwide (NASDAQ: ACIW), a global leader in mission-critical, real-time payments software, announced financial results today for the quarter ended June 30, 2023.

"We are pleased with our second quarter results, which came in above our expectations," said Thomas Warsop, President and CEO of ACI Worldwide. "I am particularly pleased with the strength in our recurring revenue in Q2 and for the first half of 2023. We also generated notable profitability improvements as a result of the interchange initiatives in our Biller segment."

Warsop continued, "As previously discussed, our renewal calendar is seasonally stronger in the second half this year, and with our new bookings and implementations tracking to plan, we remain confident in our outlook for 2023, as well as our revenue growth target of 7-9% in 2024."

FINANCIAL SUMMARY

In Q2 2023, total revenue was \$323 million, down 2% compared to the same period in 2022. Recurring revenue in Q2 grew 5% versus last year. Net loss in the quarter was \$7 million. Total adjusted EBITDA in the quarter was \$57 million compared to \$66 million in Q2 2022. New ARR² bookings for the quarter were \$13 million and new ARR bookings for the trailing twelve months (TTM) were \$91 million, which was up 2% from the TTM ending June 2022. Percentage change comparisons are adjusted for FX and the Corporate Online Banking divestiture.

- Bank segment total revenue decreased 10% while Bank segment recurring revenue grew 13% and Bank segment adjusted EBITDA decreased 22% versus Q2 2022. As previously
 discussed, the timing of larger license renewal events is heavily weighted to the back half of 2023.
- Merchant segment revenue was flat and Merchant segment adjusted EBITDA increased 23% versus Q2 2022.
- Biller segment revenue increased 5% and Biller segment adjusted EBITDA increased 10% versus Q2 2022, driven by new customer onboarding and progress with our interchange improvement program.

ACI ended the quarter with \$132 million in cash on hand and a debt balance of \$1.1 billion, which represents a net debt leverage ratio of 2.9x. The company did not repurchase any shares in the quarter but has \$200 million available on the share repurchase authorization.

REITERATING 2023 GUIDANCE

For the full year of 2023, the company expects revenue growth to be in the mid-single digits on a constant currency and divestiture-adjusted basis, or in the range of \$1.436 billion to \$1.466 billion. The company expects adjusted EBITDA to be in the range of \$380 million to \$395 million with net adjusted EBITDA margin expansion. The company expects revenue to be between \$335 million and \$345 million and adjusted EBITDA of \$70 million to \$80 million in Q3 2023. This excludes one-time charges related to the move of the company's European data centers to the public cloud and one-time costs to implement certain efficiency strategies.

¹ Corporate Online Banking divestiture ² "ARR" is new annual recurring revenue expected to be generated from new bookings signed in the period, including new accounts, new applications and add-on sales

Investor Relations: John Kraft SVP, Head of Strategy and Finance 239-403-4627 / john.kraft@aciworldwide.com To supplement our financial results presented on a GAAP basis, we use the non-GAAP measures indicated in the tables, which exclude significant transaction-related expenses, as well as other significant non-cash expenses such as depreciation, amortization, and stock-based compensation, that we believe are helpful in understanding our past financial performance and our future results. The presentation of these non-GAAP financial measures should be considered in addition to our GAAP results and are not intended to be considered in isolation or as a substitute for the financial information prepared and presented in accordance with GAAP. Management generally compensates for limitations in the use of non-GAAP financial measures by relying on comparable GAAP financial measures and providing investors with a reconciliation of non-GAAP financial measures only in addition to and in conjunction with results presented in accordance with GAAP.

We believe that these non-GAAP financial measures reflect an additional way to view aspects of our operations that, when viewed with our GAAP results, provide a more complete understanding of factors and trends affecting our business. Certain non-GAAP measures include:

- Adjusted EBITDA: net income (loss) plus income tax expense (benefit), net interest income (expense), net other income (expense), depreciation, amortization and stock-based compensation, as well as significant transaction-related expenses. Adjusted EBITDA should be considered in addition to, rather than as a substitute for, net income (loss).
- Net Adjusted EBITDA Margin: Adjusted EBITDA divided by revenue net of pass-through interchange revenue. Net Adjusted EBITDA Margin should be considered in addition to, rather
 than as a substitute for, net income (loss).
- Diluted EPS adjusted for non-cash and significant transaction related items: diluted EPS plus tax effected significant transaction related items, amortization of acquired intangibles and software, and non-cash stock-based compensation. Diluted EPS adjusted for non-cash and significant transaction related items should be considered in addition to, rather than as a substitute for, diluted EPS.
- Recurring Revenue: revenue from software as a service and platform as a service fees and maintenance fees. Recurring revenue should be considered in addition to, rather than as a substitute for, total revenue.
- · ARR: New annual recurring revenue expected to be generated from new accounts, new applications, and add-on sales bookings contracts signed in the period.

Non-GAAP Financial Measures

To supplement our financial results presented on a GAAP basis, we use the non-GAAP measures indicated in the tables, which exclude significant transaction related expenses, as well as other significant non-cash expenses such as depreciation, amortization, and non-cash compensation, that we believe are helpful in understanding our past financial performance and our future results. The presentation of these non-GAAP financial measures should be considered in addition to our GAAP results and are not intended to be considered in isolation or as a substitute for the financial information prepared and presented in accordance with GAAP. Management generally compensates for limitations in the use of non-GAAP financial measures by relying on comparable GAAP financial measures and providing investors with a reconciliation of non-GAAP financial measures only in addition to and in conjunction with results presented in accordance with GAAP. We believe that these non-GAAP financial measures reflect an additional way to view aspects of our operations that, when viewed with our GAAP results, provide a more complete understanding of factors and trends affecting our business. Certain non-GAAP measures include:

- Adjusted EBITDA: net income (loss) plus income tax expense (benefit), net interest income (expense), net other income (expense), depreciation, amortization, and non-cash compensation, as well as significant transaction related expenses. Adjusted EBITDA should be considered in addition to, rather than as a substitute for, net income (loss).
- Net Adjusted EBITDA Margin: Adjusted EBITDA divided by revenue net of pass through interchange revenue. Net Adjusted EBITDA Margin should be considered in addition to, rather than as a substitute for, net income (loss).
- Diluted EPS adjusted for non-cash and significant transaction related items: diluted EPS plus tax effected significant transaction related items, amortization of
 acquired intangibles and software, and non-cash stock-based compensation. Diluted EPS adjusted for non-cash and significant transaction related items should
 be considered in addition to, rather than as a substitute for, diluted EPS.
- Recurring Revenue: revenue from software as a service and platform service fees and maintenance fees. Recurring revenue should be considered in addition to, rather than as a substitute for, total revenue.
- · ARR: New annual recurring revenue expected to be generated from new accounts, new applications, and add-on sales bookings contracts signed in the period.

Forward Looking Statements

This presentation contains forward-looking statements based on current expectations that involve a number of risks and uncertainties. Generally, forward-looking statements do not relate strictly to historical or current facts and may include words or phrases such as "believes," "will," "expects," "anticipates," "intends," and words and phrases of similar impact. The forward-looking statements are made pursuant to safe harbor provisions of the Private Securities Litigation Reform Act of 1995.

Forward-looking statements in this press release include, but are not limited to, statements regarding Q3 2023 and full year 2023 revenue and adjusted EBITDA financial guidance.

All of the foregoing forward-looking statements are expressly qualified by the risk factors discussed in our filings with the Securities and Exchange Commission. Such factors include, but are not limited to, increased competition, business interruptions or failure of our information technology and communication systems, security breaches or viruses, our ability to attract and retain senior management personnel and skilled technical employees, future acquisitions, strategic partnerships and investments, divestitures and other restructuring activities, implementation and success of our strategy, impact if we convert some or all on-premise licenses from fixed-term to subscription model, anti-takeover provisions, exposure to credit or operating risks arising from certain payment funding methods, customer reluctance to switch to a new vendor, our ability to adequately defend our intellectual property, litigation, our offshore software development activities, risks from operating internationally, including fluctuations in currency exchange rates, events in eastern Europe, adverse changes in the global economy, compliance of our products with applicable legislation, governmental regulations and industry standards, the complexity of our products and services and the risk that they may contain hidden defects, complex regulations applicable to our payments business, our compliance with privacy and cybersecurity regulations, consolidations and failures in the financial services industry, volatility in our stock price, demand for our products, failure to obtain renewals of customer contracts or to obtain such renewals on favorable terms, delay or cancellation of customer projects or inaccurate project completion estimates, impairment of our goodvill or intangible assets, the accuracy of management's disasters, wars, and outbreaks of disease, and revenues and teamings and the accuracy of forecasts due to the concentration of revenue-generating activity during the final weeks of each quarter, restrictions and other financial
