NARRATIVE**

State below in reasonable detail the reasons why Forms 10-K, 20-F, 11-K, 10-Q, N-SAR, N-CSR or the transition report or portion thereof, could not be filed within the prescribed time period.

As previously announced and as described in the Current Report on Form 8-K of Transaction Systems Architects, Inc. (the "Company") dated October 27, 2006, the Company's Audit Committee initiated a voluntary review of the Company's historical stock option grants for all periods from 1995 to present. The Audit Committee is being assisted by independent counsel and outside accounting experts in this review. While the review is not concluded, the Company has determined that measurement dates for accounting purposes differed from recorded dates for a number of awards beginning with the Company's initial public offering in 1995 through fiscal year 2002. Under accounting principles in effect during this period, some of these differences required that non-cash charges be recorded to the extent that TSA's stock price on the measurement dates were higher than the prices on the recorded dates. On October 27, 2006, the Board of Directors concluded that the Company's financial statements and all earnings releases and similar communications issued by the Company relating to financial periods since fiscal year 1995 should no longer be relied upon. Because of the timing of the completion of the Audit Committee review, the Company requires additional time to complete an analysis of the accounting treatment for certain past stock option grants and to determine the extent of corrections that may be required to its previously reported financial results.

As a result of the foregoing, the Company did not file its Quarterly Report on Form 10-Q for the quarterly period ended December 31, 2006 on the February 9, 2007 required filing date. The Company intends to continue to devote all available resources with the objective of filing its Form 10-Q for such period as promptly as practicable.

If the answer is no, identify report(s). Yes No

Annual Report on Form 10-K for the fiscal year ended September 30, 2006.

Current Report on Form 8-K/A, which would have amended the Current Report on Form 8-K dated October 2, 2006 to include the financial information required by Form 8-K in connection with the September 29, 2006 acquisition by the Company of P&H Solutions, Inc.

- (3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof? Yes No

If so: attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

Because of the Audit Committee's review of the Company's historical stock option grants and the finalization of the audit of our fiscal 2006 results of operations, the Company cannot complete its procedures for the quarter ended December 31, 2006 until after the Company files its Form 10-K for the year ended September 30, 2006. As a result, the Company at this time cannot provide a reasonable estimate and comparison of the results of its operations for the fiscal quarter ended December 31, 2006 compared to the results of its operations for the corresponding fiscal 2006 period.
