

## **Societe Generale Chooses ACI Worldwides Online Business Banking Product**

(New York, NY. – 15 September 2008) – ACI Worldwide (NASDAQ: ACIW), a leading international provider of software for electronic payment systems, today announced that Societe Generale is using ACI Enterprise Banker™ as the online banking product for the business banking activities of its North American clients. Societe Generale is implementing Enterprise Banker modules for Information Reporting, Wire Transfer and Wire Reporting, Special Reports, ACH, Stop Payments, Positive Pay and Remote Deposit Capture. The bank is using RSA® Go ID Authentication Service for additional user access security. Societe Generale leveraged the ACI On Demand hosted services environment to accelerate system implementation.

“With Enterprise Banker, Societe Generale will implement a single product that can scale to meet the needs of all customers, regardless of size,” said Ralph Dangelmaier, president of the Americas at ACI Worldwide. “Our enterprise approach means that the full range of Enterprise Banker functionality is available to all Societe Generale customers, simply by turning on services. This inherent flexibility in our system gives the bank a significant competitive advantage, allowing it to easily adapt to changing customer needs.”
