

## ACI Worldwide Showcases Global Drive to Faster Payments at Sibos

*ACI UP Framework for Immediate Payments offers proven solution with flexibility to deliver innovative products*

NAPLES, Fla.--(BUSINESS WIRE)-- [ACI Worldwide](#) (NASDAQ: ACIW), a leading global provider of [electronic payment and banking solutions](#), today announced its participation at Sibos, SWIFT's annual international financial services conference, held October 12-15, 2015 in Singapore.

[Immediate payments](#) promises to bring fundamental change to the banking world, addressing customer expectations for instant information and access to funds—it is the next major initiative facing the industry today. At Sibos, ACI will showcase its UP Framework for Immediate Payments along with its UP [Transaction Banking](#) portfolio, which offers end-to-end processing for commercial treasury management and payment processing (booth M39). As the banking industry adopts initiatives such as faster payments and ISO 20022 message standards, ACI is delivering cost-effective flexibility and speed to market through the creation of unique offerings within the real-time payments infrastructure.

ACI experts, customers and industry visionaries will provide insight into immediate payments, fraud detection, international payments and digital payments:

ACI will feature UP Transaction Banking and UP Framework for Immediate Payments demonstrations at booth M39 during all four days of the conference. Topics will include:

- **Immediate Payments / Bank Business Operations:** ACI will showcase how banks can better manage the operational efficiency and customer service for immediate payments offerings.
- **Infrastructure Gateway Compliance:** ACI will demonstrate how a single solution can be used to connect to the different central infrastructures around the world.
- **Managing Fraud and Risk:** Learn how ACI's fraud monitoring solutions can help protect a bank's business.
- **International Payments:** Learn how ACI's international and domestic payments processing solution can manage all commercial payments types and SWIFT MX messages.

ACI's UP portfolio of solutions orchestrates all aspects of payments processing for any payment type, any channel, any currency and any network.
