

## National Banking Switch in Kuwait Celebrates 15 Successful Years with ACI Worldwide

(New York, N.Y. – 15 April 2008) – ACI Worldwide (NASDAQ: ACIW), a leading international provider of software for electronic payment systems, is celebrating 15 years working with Knet, the national banking switch in Kuwait. The long time BASE24® customer uses a variety of ACI software solutions to manage Kuwait's ATM banking network, deliver point of sale services and manage online debit card transactions.

Knet, the Shared Electronic Banking Services Company (KSCC), is connected to other Gulf Co-operation Council (GCC) switches through GCC NET to offer local currency cash withdrawal, balance enquiries and ATM transactions in Saudi Arabia, United Arab Emirates, Qatar, Bahrain and Kuwait. In the fiscal year ended 31 October 2007, Knet used ACI software to process 12.7 million ATM transactions for its member banks, an increase of 10 percent from the previous year. During the same period, POS transactions reached 31.4 million, up 27 percent from the previous year.

Hasan Akbar, general manager at Knet said, "The value that Knet delivers to banks, businesses and consumers in Kuwait is growing as demand for our services increases. We are able to deliver solutions to our member banks through the valuable support of ACI. We have worked with ACI for 15 years and have seen first hand how the company is committed to delivering reliable and scalable solutions that we can customise to meet our needs. The company's understanding of our market, especially around compliance demands, makes ACI a valuable partner."

Daryl Berg, regional sales manager at ACI Worldwide said, "Knet's systems must deliver continuous availability to its member banks, especially given the regional growth in ATM and POS transactions. We are delighted that Knet is able to rely on technology from ACI to deliver strategic, scalable solutions to meet its business needs."

### About Knet

Knet is committed to identify and adopt state of the art technology in the various fields of electronic banking and therefore rendering solutions and services of the highest standards to member banks and to the banking community in Kuwait. We, at Knet, are constantly seeking to maximize accuracy, efficiency and security of the financial transactions of our customers. Knet serves all of the banks operating in Kuwait and extends its services to offer their clients the opportunity to benefit from electronic banking services in the GCC countries as part of the GCC network connection.
