TRANSACTION SYSTEMS ARCHITECTS, INC.

PROXY STATEMENT ANNUAL MEETING OF STOCKHOLDERS to be held on June 5, 2007

INFORMATION ABOUT THE MEETING, VOTING AND PROXIES

This Proxy Statement is being furnished in connection with the solicitation by and on behalf of the Board of Directors (the “Board”) of Transaction Systems Architects, Inc. (the “Company” or “TSA”) of proxies to be used at the 2007 Annual Meeting of Stockholders of the Company (the “Annual Meeting”) to be held on Tuesday, June 5, 2007, 9:00 a.m. EST at the offices of the Company at 120 Broadway, Suite 3350, New York, New York, and any postponement or adjournment thereof. A copy of the Company’s annual report to stockholders, including the Company’s annual report on Form 10-K for the fiscal year ended September 30, 2006 (“fiscal 2006”), which includes the Company’s financial statements for fiscal 2006 (the “Annual Report”), accompanies this Proxy Statement. Beginning on or about April 25, 2007, this Proxy Statement, the accompanying proxy card and the Annual Report are being mailed to holders of the Company’s Common Stock, \$.005 par value per share (“Common Stock”).

Proxy Voting and Revocability of Proxies

The shares of the Company’s Common Stock, represented by the proxies received pursuant to this solicitation and not timely revoked, will be voted at the Annual Meeting. A holder of Common Stock who has given a proxy may revoke it prior to its exercise either by giving written notice of revocation to the Secretary of the Company or by giving a duly executed proxy bearing a later date. Attendance in person at the Annual Meeting does not itself revoke a proxy; however, any stockholder who attends the Annual Meeting may revoke a previously submitted proxy by voting in person. Subject to any such revocation, all Common Stock represented by properly executed proxies will be voted in accordance with the specifications on the proxy. If no such specifications are made, proxies will be voted **FOR** each proposal described herein and, as to any other matter that may be brought before the Annual Meeting, in accordance with the judgment of the person or persons voting the same.

Stockholders whose shares of Common Stock are registered directly with the Company’s transfer agent, Wells Fargo Bank Minnesota, National Association (“Wells Fargo”), may vote via the Internet or telephone. Stockholders should refer to the enclosed proxy card for instructions on voting via the Internet or telephone. The Internet and telephone voting facilities for stockholders of record will close at 12:00 p.m. EST (New York time) on June 4, 2007. Stockholders whose shares are registered in the name of either a broker or bank should refer to the information forwarded by either the broker or bank to determine if Internet or telephone voting is available to them.

Record Date, Outstanding Shares and Quorum

Only holders of Common Stock of record at the close of business on April 9, 2007 (the “Record Date”) are entitled to notice of and to vote at the Annual Meeting. At the close of business on the Record Date, there were 37,159,895 shares of Common Stock issued and outstanding, excluding 3,661,621 shares of Common Stock held as treasury stock by the Company. Shares of Common Stock held as treasury stock are not entitled to be voted at the Annual Meeting. Each stockholder is entitled to one vote per share of Common Stock held on all matters to be voted on by the Company’s

stockholders. Stockholders may not cumulate their votes in the election of directors. Unless the context requires otherwise, any reference to “shares” in this Proxy Statement refers to all shares of Common Stock entitled to vote at the Annual Meeting. The presence in person or by proxy at the Annual Meeting of the holders of a majority of the issued and outstanding shares entitled to vote at the Annual Meeting shall constitute a quorum.

Proxy Solicitation

The Company will bear the expense of preparing, printing and mailing this Proxy Statement and the proxies solicited hereby and will reimburse banks, brokerage firms and nominees for their reasonable expenses in forwarding solicitation materials to beneficial owners of shares held of record by such banks, brokerage firms and nominees. The Company has retained Wells Fargo to assist the Company with its solicitation of proxies at a cost of approximately \$4,000, plus normal out-of-pocket expenses. The Company has also retained D.F. King & Co., Inc. to perform proxy solicitation services on its behalf at the cost of \$5,500, plus normal out-of-pocket expenses.

Treatment of Abstentions and Broker Non-Votes

While there is no definitive statutory or case law authority in Delaware as to the proper treatment of abstentions, the Company believes that abstentions should be counted for purposes of determining both (i) the presence or absence of a quorum for the transaction of business and (ii) the total number of shares present in person or by proxy at the Annual Meeting with respect to a proposal (other than the election of directors). In the absence of a controlling precedent to the contrary, the Company intends to treat abstentions in this manner. The effect of an abstention on the outcome of the voting on a particular proposal depends on the vote required to approve that proposal, as described in the “Vote Required” section below.

“Broker non-votes” are shares present by proxy at the Annual Meeting and held by brokers or nominees as to which (i) instructions to vote have not been received from the beneficial owners and (ii) the broker or nominee does not have discretionary voting power on a particular matter. Broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business at the Annual Meeting, but broker non-votes will not be counted for purposes of determining the number of shares present in person or by proxy at the Annual Meeting with respect to a particular proposal on which the broker has expressly not voted. Accordingly, a broker non-vote will not have any effect on the outcome of the voting on a proposal.

Vote Required

Election of a director requires the affirmative vote of the holders of a plurality of the shares present in person or represented by proxy at a meeting at which a quorum is present. The six persons receiving the greatest number of votes at the Annual Meeting shall be elected as directors. Since only affirmative votes count for this purpose, abstentions will not affect the outcome of the voting on Proposal 1.

With respect to Proposals 2 through 4, the proposals relating to (i) the amendment to the Company’s Amended and Restated Certificate of Incorporation, as amended to date (the “Certificate Amendment”), (ii) the approval of the first amendment (the “Plan Amendment”) to the 2005 Equity and Performance Incentive Plan (the “2005 Incentive Plan”) and (iii) the ratification of the appointment of the Company’s independent registered public accounting firm for the fiscal year ending September 30, 2007 (“fiscal 2007”), respectively, a stockholder may mark the accompanying form of proxy card to (a) vote for the matter, (b) vote against the matter, or (c) abstain from voting on the matter.

The affirmative vote of a majority of the shares of Common Stock outstanding is required for the approval of Proposal 2, the proposal relating to the Certificate Amendment. The affirmative vote of a majority of the shares present in person or by proxy at the Annual Meeting is required for the approval of Proposal 3, the approval of the Plan Amendment to the 2005 Incentive Plan. Because a majority of shares outstanding or present in person or by proxy at the Annual Meeting is required for approval of Proposals 2 and 3, an abstention will have the legal effect of a vote against these proposals. Because a majority of shares outstanding or present in person or by proxy at the Annual Meeting is required for approval of Proposal 2, an abstention will have the legal effect of a vote against this proposal.

With respect to Proposal 4, the ratification of the appointment of the Company’s independent registered public accounting firm (the “independent auditor”) for fiscal 2007, the affirmative vote of a majority of the shares represented at the Annual Meeting and actually voting on Proposal 4 is required for the approval of Proposal 4. Because only a majority of shares actually voting is required to approve Proposal 4, an abstention will have no effect on the outcome of the voting on Proposal 4.

PROPOSAL 1 ELECTION OF DIRECTORS

The Board currently consists of seven members. The Company’s Amended and Restated Bylaws (the “Bylaws”) provide that from time to time the Board can fix the authorized number of directors on the Board but such number shall be no fewer than three nor more than nine. In accordance with the Company’s Bylaws, the Board has reduced the size of the Board to six members effective as of the Annual Meeting. Roger K. Alexander and Jim D. Keever will not stand for re-election at the Annual Meeting. Mr. Alexander and Mr. Keever have both provided outstanding service to the Company and its stockholders during their tenure as directors of the Company. Shay, Jr. and John E. Stokely, each to serve until the 2008 Annual Meeting of Stockholders and thereafter, until his respective successor is duly elected and qualified. [The Board will nominate the sixth nominee prior to the filing of the Definitive Proxy Statement.] The Company expects that each of the nominees will be available for election, but if any of them is not a candidate at the time the election occurs, it is intended that each share represented by proxy at the Annual Meeting will be voted for the election of another nominee to be designated by the Board to fill any such vacancy. GENERAL INFORMATION

REGARDING THE BOARD AND ITS COMMITTEES

Director Independence

The Company is governed by a Board of Directors. In accordance with the Company's Corporate Governance Guidelines, at least a majority of the Board must consist of independent directors. For a director to be considered independent, the Board must determine that the director does not have any direct or indirect material relationship with the Company. The Board has established guidelines to assist it in determining director independence, which conform to the independence requirements in the National Association of Securities Dealers ("NASD") listing standards. In addition to applying these guidelines, the Board considers all relevant facts and circumstances in making an independence determination. With the exception of Mr. Heasley, the Company's President and CEO, each of the directors is independent.

All members of the Company's standing Audit Committee, Compensation Committee, and Nominating and Corporate Governance Committee must be independent directors as defined by the Company's Corporate Governance Guidelines. Members of the Audit Committee must also satisfy a separate Securities and Exchange Commission (the "Commission" or "SEC") independence requirement, which provides that they may not accept directly or indirectly any consulting, advisory or other compensatory fee from the Company or any of its subsidiaries other than their directors' compensation.

Board of Directors Meetings

The Board held 11 meetings during fiscal 2006 with 7 of the Board meetings conducted as telephonic meetings. Each director who was a member of the Board during fiscal 2006 attended more than 90% of the meetings of the Board and the Board committees on which he served. The Board has adopted a policy that requires all directors to attend the Company's annual meetings of stockholders unless it is not reasonably practicable for a director to do so. All of the directors attended the Company's 2006 Annual Meeting of Stockholders.

Board Committees and Committee Meetings

The Board has standing Audit, Compensation, and Nominating and Corporate Governance Committees. The Audit Committee assists the Board in its general oversight of the Company's financial reporting, internal controls and audit functions, and is directly responsible for the appointment, retention, compensation and oversight of the work of the Company's independent registered public accounting firm. The Audit Committee also oversaw the voluntary

review of the Company's historic stock option granting practices with assistance from special independent counsel and forensic accountants. Additional information regarding the Audit Committee of the Board (the "Audit Committee") is included in the "Report of Audit Committee" below.

The Compensation Committee reviews and determines salaries, performance-based incentives and other matters relating to executive compensation, and generally administers the Company's equity award and stock option plans, including reviewing and granting stock options and other equity awards to the Company's executive officers, but excluding the grant of stock option and other equity awards, if any, to independent directors. The Compensation Committee also reviews and determines various other Company compensation policies and matters. Additional information regarding the Compensation Committee of the Board (the "Compensation Committee") is included in the "Report of Compensation Committee" below.

The Nominating and Corporate Governance Committee (the "Corporate Governance Committee") reviews and reports to the Board on a periodic basis with regard to matters of corporate

governance and assists the Board in fulfilling its responsibilities to assure that the Company is governed in a manner consistent with the interests of the Company's stockholders. Additional information regarding the Corporate Governance Committee is included in the "Corporate Governance" section below.

The table below provides membership and meeting information for each of the Board committees for fiscal 2006:

- (4) One of the six Nominating and Corporate Governance Committee meetings was held telephonically.

Director Compensation

It is the Board's general policy that compensation for independent directors should be a mix of cash and equity-based compensation. As part of a director's total compensation, and to create a direct linkage with corporate performance and stockholder interests, the Board believes that a meaningful portion of a director's compensation should be provided in, or otherwise based on, the value of appreciation in the Company's Common Stock. The Company does not pay its employee directors for service on the Board in addition to their regular employee compensation.

Prior to setting fiscal 2005 independent director compensation, the Company engaged Watson Wyatt to evaluate the competitiveness of its independent director compensation. Utilizing a peer group of similar companies, Watson Wyatt provided an assessment of the Company's independent director compensation. This assessment was considered in establishing the fiscal 2005 compensation program for independent directors and the Company did not make any change to the compensation program for independent directors for fiscal 2006.

The independent director compensation program provides that each independent director receives a \$10,000 quarterly fee. The Chairman of the Board receives an additional \$5,000 quarterly fee. The chairman of the Audit Committee receives an additional \$2,500 quarterly fee and independent directors that serve on the Audit Committee receive an additional \$1,000 quarterly fee. Each Board committee chairman, other than the chairman of the Audit Committee, receives an additional \$1,250 quarterly fee and independent directors who serve on the Board committees, other than the Audit Committee, receive an additional \$750 quarterly fee for service on each committee. Each independent director receives \$2,000 for each Board or Board committee meeting attended in person and \$1,000 for each Board or Board committee meeting attended by telephone. All directors are reimbursed for expenses incurred in connection with attendance at Board and Board committee meetings and the Company's annual meetings of stockholders.

In fiscal 2006, the Company's independent directors were each granted a non-qualified option to purchase 10,000 shares of Common Stock pursuant to the Company's 2005 Incentive Plan. Currently, all stock options granted under the 2005 Incentive Plan are issued with an exercise price not less than the closing sale price (price for last trade) of the Common Stock as reported by The NASDAQ Global Select Stock Market for the day preceding the date of grant. As set forth in the proposed Plan Amendment to the 2005 Incentive Plan described in Proposal 3, future stock options granted under the 2005 Incentive Plan, including options granted to the Company's independent directors, will be issued at a price not less than the closing sale price (price for last trade) of the Common Stock as reported by The NASDAQ Global Select Stock Market on the date of grant. The independent director options will vest on the earlier to occur of (i) the date which is one year following the date of grant, and (ii) the day immediately prior to the date of the next annual meeting of the Company's stockholders occurring following the date of grant. The independent director options provide for accelerated vesting upon the director's death or disability or upon a change in control of the Company. Future equity awards will be granted at the discretion of the Corporate Governance Committee based upon continued evaluations of the competitive assessment of the Company's independent director compensation and the level of Board and committee responsibilities and time commitments.

The Corporate Governance Committee has adopted a policy that strongly encourages ownership of the Company's Common Stock by the Company's directors in order to further align the interests of the Board to the long-term success of the Company and the interests of its stockholders.

The Company is committed to maintaining the highest standards of business conduct and corporate governance, which it believes are essential to running its business efficiently, serving stockholders well and maintaining the Company's integrity in the marketplace. The Board has a standing Nominating and Corporate Governance Committee ("Corporate Governance Committee") which operates pursuant to a charter. The full text of the Nominating and Corporate Governance Committee charter is published on the Company's website at www.tsainc.com in the Investor Relations — Corporate Governance section. The Corporate Governance Committee members are Messrs. Curtis, Seymour and Stokely, each of whom is "independent" as defined in Rule 4200(a) of the NASD listing standards.

The Corporate Governance Committee regularly monitors corporate governance developments and reviews Company policies, processes and procedures in light of these developments to ensure that the Company and the Board adhere to "best practices" in this arena. The Corporate Governance Committee also provides advice to the Board with respect to:

- Board organization, membership and function;
- Compensation of the Company's directors, including their compensation for service on committees of the Board;
- Board committee structure, membership and purpose;
- The Company's Corporate Governance Guidelines;
- Oversight of the Company's policies and positions regarding significant stockholder relations issues;
- Evaluation of, and successor planning for, the CEO and other executive officers; and
- Other matters relating to corporate governance and the rights and interests of the Company's stockholders.

Corporate Governance Guidelines

The Company's Corporate Governance Guidelines are designed to ensure that the Board follows practices and procedures that serve the best interests of the Company and its stockholders. The Corporate Governance Committee is responsible for overseeing these guidelines and making recommendations to the Board regarding any changes. These guidelines address, among other things, the following topics:

- Performance assessments of the Board and its committees;
- Composition and independence of the Board and its committees;
- Director orientation and continuing education;
- Policy on directors that change corporate affiliations; and
- Management responsibilities and Board access to management.

Code of Business Conduct and Ethics

The Company has adopted a Code of Business Conduct and Ethics for directors, officers (including the Company's principal executive officer, principal financial officer, principle accounting officer and controller) and employees. The Company has also adopted a Code of Ethics for the CEO and Senior Financial Officers. The Company maintains a corporate governance page on its website at www.tsainc.com in the Investors — Corporate Governance section that includes key information about corporate governance matters, including copies of its Corporate Governance Guidelines, Code of Business Conduct and Ethics, Code of Ethics for the CEO and Senior Financial Officers, and the charter for each Board committee.

Director Nomination Process

The role of the Company's Corporate Governance Committee includes identifying, evaluating and recommending director candidates to the Board. In fiscal 2005, the Company hired a director search firm to assist the Corporate Governance Committee in identifying and evaluating potential director nominees; however, the Company terminated this service during the first quarter of fiscal 2006. During fiscal 2006, the Company paid the search firm \$5,449 (which includes expenses) for its services. The Corporate Governance Committee continues to consider director candidates and takes into consideration the following criteria in selecting and evaluating director candidates:

- *Independent Directors.* The Board should include at least enough independent directors (as determined by NASD rules and applicable laws and regulations) to satisfy the independent director requirements of such rules, laws and regulations.
- *Other Directors.* Subject to the right of the Corporate Governance Committee and the Board to decide otherwise when appropriate, the Company's CEO generally should be a director. Additionally, depending on the circumstances, certain other members of management, as well as individuals having relationships with the Company that prevent them from being independent directors, may be deemed to be appropriate members of the Board.
- *General Criteria for Each Director.* Candidates for positions on the Board should possess certain qualities. In particular, a director should:
 - be an individual of the highest character and integrity;
 - be free of any conflict of interest that would violate any applicable laws, rules, or regulations or interfere with the proper performance of the responsibilities of a director;

-
- be willing and able to devote sufficient time to the affairs of the Company; and
 - have the capacity and desire to represent the balanced, best interests of the Company's stockholders as a whole.

In addition to the foregoing general criteria, the Corporate Governance Committee may consider specific criteria relating to the skills, experience, particular areas of expertise, specific backgrounds and other characteristics that may enhance the effectiveness of the Board and its committees.

The existing Board is the source of all of the current nominees for director, each of whom is an incumbent director. The Corporate Governance Committee based its decision to re-nominate these incumbent directors on its consideration of each individual's contributions, including the value of his or her experience as a director, the current composition of the Board and its committees, the availability of other potential director nominees and the Company's needs. The Board continues to identify and evaluate potential director candidates, including individuals identified through the director search firm referred to above.

Stockholder Recommendations for Director Nominees

The Corporate Governance Committee considers stockholder recommendations for candidates for the Board furnished to the Company as set forth below in the section entitled "Stockholder Communications with the Board."

The Corporate Governance Committee did not receive, by a date not later than the 120th calendar day before the date of the Company's proxy statement released to security holders in connection with its 2006 Annual Meeting of Stockholders, a recommended nominee for election at this Annual Meeting, from a security holder that beneficially owned more than 5% of the outstanding Common Stock for at least one year as of the date the recommendation was made, or from a group of security holders that beneficially owned, in the aggregate, more than 5% of the Company's outstanding Common Stock, with each of the securities used to calculate that ownership held for at least one year as of the date the recommendation was made.

Stockholder Nomination Process

Pursuant to the Company's Bylaws, any stockholder entitled to vote in the election of directors generally may nominate one or more persons for election as directors at a meeting only if written notice of such stockholder's intent to make such nomination or nominations has been received by the Secretary of the Company not less than 60 nor more than 90 calendar days prior to the first anniversary of the date on which the Company first mailed its proxy materials for the preceding year's annual meeting of stockholders.

Each such notice shall set forth: (i) the name and address of the stockholder who intends to make the nomination and of the person or persons to be nominated; (ii) a representation that the stockholder is a holder of record of stock of the Company entitled to vote for the election of directors on the date of such notice and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (iii) a description of all arrangements or understandings between the stockholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the stockholder; (iv) such other information regarding each nominee proposed by such stockholder as would be required to be included in a proxy statement filed pursuant to the proxy rules of the Commission, had the nominee been nominated, or intended to be nominated, by the Board; and (v) the consent of each nominee to serve as a director of the Company if so elected.

To make a nomination for this Annual Meeting, a stockholder had to submit the required written notice for director nominations between October 26, 2006 and November 25, 2006. The Secretary of the Company did not receive written notice from any stockholder regarding an intention to make a nomination.

Stockholder Communications with the Board

Communications from stockholders to the Board, including stockholder director recommendations and stockholder proposals submitted in accordance with the procedure described below in the section entitled "Stockholder Proposals" may be sent via e-mail to grp-tsa-directors@tsainc.com or via telephone to (402) 390-8993. These communications will be received by the Secretary of the Company, who will forward them to the appropriate committees or members of the Board.

PROPOSAL 2

AMENDMENT TO THE AMENDED AND RESTATED CERTIFICATE OF INCORPORATION

General

The Board is proposing to amend and restate the Company's current Amended and Restated Certificate of Incorporation, as amended to date (the "Current Certificate"), to change the Company name from "Transaction Systems Architects, Inc." to "ACI Worldwide, Inc." (the "Proposed Name Change"). On December 13, 2006, the Board approved the proposed Amended and Restated Certificate of Incorporation (the "Restated Certificate") and recommends approval and adoption of the Proposed Name Change by the stockholders.

Purpose of Proposed Name Change

The Company has been marketing its products and services under the ACI Worldwide brand since 1998 and has gained significant market recognition under this brand name. Historically, the Company operated with three business units: ACI Worldwide, Insession Technologies and Intranet Worldwide. In the first quarter of fiscal 2006, the Company restructured its organization combining the products and services within these three business units into one operating unit under the ACI Worldwide name. The Board believes that the Company should change its name to ACI Worldwide to align the corporate name of the Company with the name of its operating unit which is the name the public associates with the Company's products and services. The Board believes that changing the corporate name will provide the name ACI Worldwide with a greater intangible value and even greater name recognition in the future.

Restated Certificate

The Restated Certificate effecting the Proposed Name Change is attached to this Proxy Statement as *Annex A* and incorporated herein by this reference. If adopted by the stockholders, the Proposed Name Change will become effective upon filing the Restated Certificate with the Delaware Secretary of State. It is currently anticipated that the Restated Certificate will be filed with the Delaware Secretary of State as soon as practicable after stockholder approval is received.

Effect of Name Change on Stockholders

Stockholders of the Company will not be required to submit their stock certificates for exchange. Upon effectiveness of the Proposed Name Change, certificates for shares of Common Stock issued under the name "Transaction Systems Architects, Inc." will continue to be valid certificates and will continue to evidence ownership of the same number of shares of Common Stock in the Company

under the new name. **It will not be necessary for stockholders to exchange their stock certificates although stockholders may exchange their certificates if they wish, at their sole expense.** Following the effective date of the Proposed Name Change, all new stock certificates issued by the Company will be printed using the new name.

New Trading Symbol

If the stockholders approve the Proposed Name Change, the Company will thereafter apply to change its trading symbol on The NASDAQ Global Select Market to a new trading symbol more readily identifiable with its new corporate name. The Company's new trading symbol is expected to be "ACIW."

Vote Required

The approval of Proposal 2 requires the affirmative vote of a majority of the issued and outstanding shares of Common Stock. Accordingly, an abstention will have the legal effect of a vote against this proposal. No dissenters' rights are available under the General Corporation Law of the State of Delaware or under the Current Certificate or the Company's Bylaws to any stockholder who dissents from this proposal.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE APPROVAL OF THE AMENDMENT TO THE CURRENT CERTIFICATE TO CHANGE THE COMPANY NAME FROM "TRANSACTION SYSTEMS ARCHITECTS, INC." TO "ACI WORLDWIDE, INC."

PROPOSAL 3

APPROVAL OF THE FIRST AMENDMENT TO THE 2005 EQUITY AND PERFORMANCE INCENTIVE PLAN

On March 8, 2005, the stockholders adopted the 2005 Equity and Performance Incentive Plan (the "Current 2005 Incentive Plan"), which had been approved by the Board on December 1, 2004. The Current 2005 Incentive Plan is intended to meet the Company's objective of balancing stockholder concerns about dilution with the need to provide appropriate incentives to achieve company performance objectives. To further serve this Company objective, on April __, 2007, the Board approved, and is submitting for approval by the stockholders, the First Amendment to the 2005 Equity and Performance Incentive Plan (the "Plan Amendment"). The Plan Amendment will become effective upon adoption by the stockholders. If the Plan Amendment is not approved by the stockholders, the Current 2005 Incentive Plan will remain in effect.

A summary description of the Plan Amendment is set forth below, which is followed by a summary description of the 2005 Equity and Performance Incentive Plan as amended by the Plan Amendment (the "Amended 2005 Incentive Plan"). A copy of the Amended 2005 Incentive Plan is attached to this Proxy Statement as *Annex B*, and the summary descriptions of the Plan Amendment and the Amended 2005 Incentive Plan provided below are qualified in their entirety by reference to the full text of the Amended 2005 Incentive Plan.

Summary of the Plan Amendment

The Plan Amendment makes three changes to the Current 2005 Incentive Plan. First, the Plan Amendment increases the aggregate number of shares of Common Stock, par value \$0.005 per share, available for issuance under the Amended 2005 Incentive Plan to 5,000,000 (plus any shares of Common Stock that are represented by options previously granted under certain terminated Company plans which are forfeited, expire or are canceled without delivery of Common Stock or which result in the forfeiture or relinquishment of Common Stock back to the Company). The Current 2005 Incentive Plan originally authorized 3,000,000 shares of Common Stock (plus any shares of Common Stock that are represented by options previously granted under certain terminated Company plans which are forfeited, expire or are canceled without delivery of Common Stock or which result in the forfeiture or relinquishment of Common Stock back to the Company).

Second, the Plan Amendment eliminates in its entirety the limitation on the aggregate number of shares that can be issued as restricted stock, restricted stock units, performance shares and performance units under the Amended 2005 Incentive Plan (after taking into account any forfeitures, or expirations or transfers upon expiration of any withholding amount). The Current 2005 Incentive Plan originally authorized 2,500,000 shares of Common Stock for such types of awards.

Finally, the Plan Amendment provides that the exercise price for any options granted under the Amended 2005 Incentive Plan may not be less than the market value per share of Common Stock on the date of grant. The Current 2005 Incentive Plan provides that the exercise price for options granted under the plan may not be less than the market value per share of Common Stock on the day immediately preceding the date of the grant.

Purposes of the Amended 2005 Incentive Plan

The ability to maintain a market competitive stock-based incentive program by making available various stock compensation awards. The Amended 2005 Incentive Plan is intended to give the Company greater flexibility in providing competitive incentive compensation that closely aligns the interests of key employees and officers with those of the Company's stockholders. The Amended 2005 Incentive Plan permits the grant of a variety of incentive awards, such as restricted

The furtherance of many compensation and governance best practices. The Amended 2005 Incentive Plan prohibits stock option re-pricing and contains a 1,000,000-share limit on the number of shares that may be issued to a Participant in connection with stock options, stock appreciation rights, restricted stock awards or other awards during any calendar year. The Amended 2005 Incentive Plan does not contain an evergreen feature (evergreen features provide for automatic replenishment of authorized shares available under the plan).

Summary Description of the Amended 2005 Incentive Plan

The Amended 2005 Incentive Plan provides for the grant of incentive stock options, nonqualified stock options, stock appreciation rights, restricted stock awards, performance awards and other awards (“Awards”).

Plan Benefits

Any person who is an employee or non-employee director of the Company and certain of its subsidiaries and affiliates is eligible to be considered for Awards under the Amended 2005 Incentive Plan. The Board has the authority to select the individuals to whom Awards will be granted. Future Awards under the Amended 2005 Incentive Plan will be discretionary so that it is impossible to determine who will receive Awards and in what amounts in the event the Plan Amendment is adopted, although each of the Company’s current executive officers and directors would be eligible to participate. The following New Plan Benefits table sets forth the benefits and amounts that were received by or allocated to each of the persons or groups indicated below for fiscal 2006 under the Current 2005 Incentive Plan:

Shares Available Under the Plan

Plan Share Limits. Subject to adjustment in certain circumstances as discussed below, the maximum number of shares of Common Stock that may be issued or transferred in connection with Awards granted under the Amended 2005 Incentive Plan will be the sum of (i) 5,000,000 shares of Common Stock and (ii) any shares of Common Stock that are represented by options previously granted under the following terminated Company plans which are forfeited, expire or are canceled without delivery of Common Stock or which result in the forfeiture or relinquishment of Common Stock back to the Company: (A) the 1994 Stock Option Plan, as amended, (B) the 1996 Stock Option Plan, (C) the 1997 Management Stock Option Plan, (D) the MessagingDirect Ltd. Amended and Restated Employee Share Option Plan, (E) the 2000 Non-Employee Director Stock Option Plan, and (F) the 2002 Non-Employee Director Stock Option Plan (collectively the “Prior Plans”). As of the Record Date, there were 583,594 options for shares of Common Stock outstanding under the Prior Plans. To the extent Awards granted under the Amended 2005 Incentive Plan terminate, expire, are canceled without being exercised, are forfeited or lapse for any reason, the shares of Common Stock subject to such Award will again become available for grants under the Amended 2005 Incentive Plan.

As of the Record Date, the per share closing price of the Company’s Common Stock as reported on The NASDAQ Stock Market was \$32.66.

Individual Limits. The aggregate number of shares of Common Stock that may be issued upon exercise of incentive stock options will not exceed 3,000,000 shares of Common Stock. No Participant will receive stock options, stock appreciation rights, restricted stock, restricted stock units and other awards under the Amended 2005 Incentive Plan, during any calendar year, for more than 1,000,000 shares of Common Stock. In addition, no Participant (defined below) may receive performance shares or performance units having an aggregate value on the date of grant in excess of \$5,000,000 during any calendar year. Each of the limits described above may be adjusted equitably to accommodate a change in the capital structure of the Company as described below.

Adjustments. The Board may make or provide for such adjustments in the numbers of shares of Common Stock covered by outstanding Awards, in the option price and base price provided in outstanding options and appreciation rights, and in the kind of shares covered thereby, as the Board may determine is equitably required to prevent dilution or enlargement of the rights of Participants that otherwise would result from (a) any stock dividend, stock split, combination of shares, recapitalization or other change in the capital structure of the Company; or (b) any merger, consolidation, spin-off, split-off, spin-out, split-up, reorganization, partial or complete liquidation or other distribution of assets, issuance of rights or warrants to purchase securities; or (c) any other corporate transaction or event having an effect similar to any of the foregoing. In the event of any such transaction or event, the Board may provide in

substitution for any or all outstanding Awards such alternative consideration it determines to be equitable under the circumstances and may require in connection therewith the surrender of any Awards replaced. The Board may also make or provide for such adjustments in the numbers of shares reserved under the Amended 2005 Incentive Plan as the Board may determine is appropriate to reflect any transaction or event described above.

Eligibility and Administration

Eligibility. Officers, other employees and non-employee directors of the Company and its subsidiaries and affiliates are eligible to participate in the Amended 2005 Incentive Plan. The Board shall, in its discretion, select the persons to receive Awards (the “Participants”). The number of Participants may vary from year to year. It is not possible to state in advance the exact number or identity of the Participants or the amounts of any Awards.

Administration of the Amended 2005 Incentive Plan. The Amended 2005 Incentive Plan is administered by the Board, which may delegate all or any part of its authority to the Compensation Committee of the Board (or a subcommittee thereof); provided, however, the Compensation Committee is comprised of two or more individuals who are “non-employee directors” as defined under Rule 16b-3 of the Securities Exchange Act of 1934, as amended, and “outside directors” within the meaning of Section 162(m) of the Internal Revenue Code of 1986 (the “Code”). The Board has the sole authority to determine (i) the Participants to whom Awards are to be granted under the Amended 2005 Incentive Plan; (ii) the type, size and terms of each Award; (iii) the time when the Awards are to be made and the duration of the exercise, restriction period or performance period, including the criteria for exercisability and any acceleration of exercisability; (iv) the amendment of the terms of any previously issued Award; and (v) any other matters arising under the Amended 2005 Incentive Plan.

Award Agreements. All Awards are subject to the terms and conditions set forth in the Amended 2005 Incentive Plan and to such other terms and conditions consistent with the Amended 2005 Incentive Plan as the Board deems appropriate and which are specified in a writing (an “Award Agreement”) by the Board to the designated individual. The Board may approve the form and provisions of each Award Agreement to an individual. Awards under the Amended 2005 Incentive Plan need not be uniform among the designated individuals receiving the same type of Award. Each Award Agreement may designate: (i) whether the vesting period, restriction period, performance period or other restrictions on transfer will accelerate or lapse early upon a change-in-control of the Company; (ii) whether the Award will include dividends or dividend equivalents on a current, deferred or contingent basis; and (iii) any other terms and conditions the Board may deem appropriate.

Management Objectives

The Amended 2005 Incentive Plan provides for the establishment of “Management Objectives” which are measurable objectives established for Participants who have received grants of performance shares or performance units (collectively “Performance Awards”) or, when determined by the Board, other Awards granted pursuant to the Amended 2005 Incentive Plan. Management Objectives may be described in terms of Company-wide objectives or objectives that are related to the performance of the individual Participant or of the subsidiary, affiliate, division, department, region or function within the Company or subsidiary or affiliate which employs the Participant. The Management Objectives may be made relative to the performance of other companies. The Management Objectives applicable to any Award to a “covered employee” as defined in Section 162(m) of the Code will be based on specified levels of growth in one or more of the following criteria: (a) cash flow/net assets ratio, (b) debt/capital ratio, (c) return on total capital, (d) return on equity, (e) earnings per share growth, (f) revenue growth, (g) total return to stockholders, (h) backlog, and (i) contribution margins. If the Board determines that a change in the business, operations, corporate structure or capital structure of the Company, or the manner in which it conducts its business, or other events or circumstances make the Management Objectives unsuitable, the Board may in its discretion modify such Management Objectives or the related minimum acceptable level of achievement as it deems appropriate subject to certain limitations on modifications to “covered employees” under Section 162(m) of the Code. The Board may also utilize Management Objectives to make other Awards granted to covered employees qualify as performance based awards under Section 162(m) of the Code.

Payment of Awards

Any Award grant may specify that the amount payable to a Participant under the respective Award may be paid by the Company in cash, in shares of Common Stock or in any combination thereof, and may either grant to the Participant or retain for the Board the right to elect among those alternatives. Any Award grant may specify that the amount payable or the number of shares of Common Stock issued with respect thereto may not exceed a maximum amount or number specified by the Board at the date of grant.

Stock Options

Types and Eligibility. The Amended 2005 Incentive Plan provides that the Board may grant Participants options to purchase shares of Common Stock intended to qualify as incentive stock options within the meaning of Section 422 of the Code (“ISOs”), or nonqualified stock options (“NQSO”) that are not intended to so qualify, or any combination of ISOs or NQSOs (collectively, “Options”). ISOs may only be granted to Participants who meet the definition of “employees” under Section 3401(c) of the Code.

Exercise and Option Price. No Option will be exercisable more than ten years from the date of grant. The option price per share for any Option granted under the Amended 2005 Incentive Plan may not be less than the market value per share of Common Stock on the date of grant. The exercise of an Option will result in the cancellation, on a share-for-share basis, of any tandem stock appreciation right granted in connection with such Option.

Stock Appreciation Rights

Types. Stock appreciation rights (“Appreciation Rights”) are the right to receive from the Company an amount determined by the Board and expressed as a percentage (not exceeding 100%) of the “spread” at the time of exercise. The Board may grant “tandem” Appreciation Rights in connection with an Option granted under the Amended 2005 Incentive Plan or “freestanding” Appreciation Rights unrelated to any Option. The “spread” in the case of a freestanding Appreciation Right is the amount by which the market value of the Company’s Common Stock on the date of exercise exceeds the base price specified in the right. The “spread” in the case of tandem Appreciation Rights is the amount by which the fair market value of the Company’s Common Stock on the date of exercise exceeds the option price specified in the related Option.

Tandem Appreciation Rights. Tandem Appreciation Rights may be granted either at or after the time the related Options are granted and while the Options remain outstanding; however, in the case of an ISO such rights may only be granted at the time the Option is granted. The number of tandem Appreciation Rights that are exercisable during any given period of time may not exceed the number of shares of Common Stock that the Participant may purchase upon the exercise of the related Option during such period of time. Upon the exercise of the related Option, the tandem Appreciation Right relating to Common Stock covered by such Option will terminate. Upon the exercise of a tandem Appreciation Right, the Option relating to the Common Stock covered by such Appreciation Right will terminate. Tandem Appreciation Rights may be exercised (i) only at a time when the related Option is exercisable and (ii) at a time when the “spread” is positive. The Award Agreement for a tandem Appreciation Right will identify the related Options.

Freestanding Appreciation Rights. Freestanding Appreciation Rights must specify a base price (which must be equal to or greater than the market value on the grant date) and the period(s) of continuous employment of the Participant by the Company or any subsidiary or affiliate that are necessary before the freestanding Appreciation Right or installments thereof become exercisable. No freestanding Appreciation Right granted under the 2005 Incentive Plan may be exercised more than ten years from the grant date.

Restricted Stock and Restricted Stock Units

Restricted Stock. The Board may issue or transfer shares of Common Stock to Participants under a restricted stock grant for consideration or no consideration, and subject to restrictions, as determined by the Board. All restricted stock Awards will transfer ownership of such shares of restricted stock to the Participant and entitle the Participant to voting, dividend and other ownership rights, but the Participant’s ownership of the restricted shares shall be subject to substantial risk of forfeiture and restrictions on transfer. The Board may establish conditions under which restrictions will lapse over a period of time based upon the achievement of performance goals or according to such other criteria as the Board deems appropriate (the “Restriction Period”). The Restriction Period will not be less than one year. An Award Agreement for restricted stock Awards may specify any Management Objectives that, if achieved, will result in the termination or early termination of the restrictions on the restricted shares including, without limitation, any minimum acceptable levels of achievement or formulas for determining the number of restricted shares on which the restrictions will terminate.

Restricted Stock Units. The Board may award to Participants the right to receive Common Stock or cash at the end of a specified period (“Restricted Stock Unit”), for consideration or no consideration. Each Restricted Stock Unit will be subject to a Restriction Period of not less than one year. The Restriction Period for Restricted Stock Units shall be designated in the Award Agreement. During the Restriction Period, the Participant will have no rights of ownership in the Restricted Stock Units, including voting rights, and will have no right to transfer his or her rights.

Performance Shares and Performance Units

Performance Shares and Performance Units. The Board may award Participants “Performance Shares” or “Performance Units” (collectively, “Performance Awards”) which will become payable to a Participant upon the achievement of specified Management Objectives. A “Performance Share” is a bookkeeping entry that records the equivalent of one share of Common Stock and a “Performance Unit” is a bookkeeping entry that records a unit equivalent to \$1.00. Each Award Agreement for Performance Awards will specify: (i) the number of Performance Shares or Performance Units granted; (ii) the period of time established for the Participant to achieve the Management Objectives, which may not be less than one (1) year from the grant date (the “Performance Period”); (iii) the Management Objectives and a minimum acceptable level of achievement as well as a formula for determining the number of Performance Shares or Performance Units earned if performance is at or above the minimum level but short of full achievement of the Management Objectives; and (iv) any other terms that the Board may deem appropriate.

Other Awards

Other Awards. The Board may grant shares of Common Stock as a bonus, cash bonuses or may grant other awards in lieu of the obligations of the Company to pay cash or deliver property under the Amended 2005 Incentive Plan or under other plans or compensatory arrangements.

Amendments and Termination

Plan. The Current 2005 Incentive Plan was effective March 8, 2005. The Plan Amendment will be effective as of the date it is adopted by the stockholders of the Company. No grant will be made under the Amended 2005 Incentive Plan more than ten years after March 8, 2005, which was the date on which the plan was first adopted by the stockholders of the Company. The Board may amend or terminate the Amended 2005 Incentive Plan at any time; provided, however, the Board will not amend the plan without stockholder approval if such approval is required to comply with the Code or other applicable laws, or to comply with applicable stock exchange requirements. Except for adjustments permitted under the terms of the Amended 2005 Incentive Plan (i) the Board will not, without approval

of the stockholders, authorize the amendment of any outstanding Option to reduce the option price, and (ii) no Option will be cancelled and replaced with Awards having a lower option price without the approval of the stockholders. Awards granted under the Amended 2005 Incentive Plan prior to its termination will remain outstanding until exercised or until the end of the term of such Awards. The termination of the Amended 2005 Incentive Plan will not impair the power and authority of the Board with respect to Awards that remain outstanding after termination of the Amended 2005 Incentive Plan.

Outstanding Awards. The Board may amend the terms of an Award granted under the Amended 2005 Incentive Plan, prospectively or retroactively, provided such amendment does not materially impair the rights of a Participant without the Participant’s consent. An outstanding Award may otherwise be amended by agreement of the Company and the Participant consistent with the Plan.

Federal Income Tax Consequences

The following is only a brief summary of certain of the U.S. federal income tax consequences of certain transactions under the Amended 2005 Incentive Plan. This summary does not purport to be a complete analysis of all potential U.S. federal income tax or other tax consequences relevant to Participants, or to describe tax consequences based upon particular circumstances. In addition, the summary does not address the income tax laws of any municipality, state or foreign country in which a Participant may reside and to which a Participant may be subject.

In general, a Participant will not recognize income at the time a NQSO is granted. At the time of exercise, the Participant will recognize ordinary income in an amount equal to the difference between the option price paid for the shares and the fair market value of the shares on the date of exercise. At the time of sale of shares acquired pursuant to the exercise of a NQSO, any appreciation (or depreciation) in the value of the shares after the date of exercise generally will be treated as capital gain (or loss).

A Participant generally will not recognize income upon the grant or exercise of an ISO. If shares issued to a Participant upon the exercise of an ISO are not disposed of in a disqualifying disposition within two years after the date of grant or within one year after the transfer of the shares to the Participant, then upon the sale of the shares any amount realized in excess of the option price generally will be taxed to the Participant as long-term capital gain and any loss sustained will be a long-term capital loss. If shares acquired upon the exercise of an ISO are disposed of prior to the expiration of either holding period described above, the Participant generally will recognize ordinary income in the year of disposition in an amount equal to any excess of the fair market value of the shares at the time of exercise (or, if less, the amount realized on the disposition of the shares) over the option price paid for the shares. Any further gain (or loss) realized by the Participant generally will be taxed as short-term or long-term capital gain (or loss) depending on the holding period. Subject to certain exceptions for death or disability, if a Participant exercises an ISO more than three months after termination of employment, the exercise of the option will be taxed as the exercise of a NQSO. In addition, the exercise of an ISO will be treated essentially the same as the exercise of a NQSO for purposes of the federal alternative minimum tax ("AMT"), which exercise may subject the Participant to AMT.

No income will be recognized by a participant in connection with the grant of a tandem Appreciation Right or a freestanding Appreciation Right. When the Appreciation Right is exercised, the participant normally will be required to include as taxable ordinary income in the year of exercise an amount equal to the amount of cash received and the fair market value of any unrestricted common shares received on the exercise.

A recipient of restricted shares generally will be subject to tax at ordinary income rates on the fair market value of the restricted shares (reduced by any amount paid by the recipient) at such time as the shares are no longer subject to a risk of forfeiture or restrictions on transfer for purposes of

18

Section 83 of the Code. However, a recipient who so elects under Section 83(b) of the Code within 30 days of the date of transfer of the restricted shares, will recognize ordinary income on the date of transfer of the shares equal to the excess of the fair market value of the restricted shares (determined without regard to the risk of forfeiture or restrictions on transfer) over any purchase price paid for the shares. If a Section 83(b) election has not been made, any dividends received with respect to restricted shares that are subject at that time to a risk of forfeiture or restrictions on transfer generally will be treated as compensation that is taxable as ordinary income to the recipient.

A Participant generally will not recognize income upon the grant of performance shares or performance units. Upon payment in respect of performance shares or performance units, the Participant generally will recognize as ordinary income an amount equal to the amount of cash received and the fair market value of any unrestricted shares received.

To the extent that a Participant recognizes ordinary income in the circumstances described above, the Company or subsidiary for which the Participant performs services will be entitled to a corresponding deduction, provided that, among other things, the income meets the test of reasonableness, is an ordinary and necessary business expense, is not an "excess parachute payment" within the meaning of Section 280G of the Code and is not disallowed by the \$1,000,000 limitation on certain executive compensation under Section 162(m) of the Code.

Registration with the SEC

The Company filed a Registration Statement on Form S-8 relating to the issuance of Common Stock under the Current 2005 Incentive Plan with the SEC pursuant to the Securities Act of 1933, as amended, on March 11, 2005. However, following the Company's announcement on October 27, 2006 that, as a result of the Company's voluntary review of its historic option grant practices, the Company's financials should not be relied upon, the Company suspended use of this Form S-8. The Company expects to resume use of its Form S-8 once it is current again with its SEC reporting obligations. The Company intends to file a Registration Statement on Form S-8 to account for the additional shares authorized by the Plan Amendment as soon as is practicable after approval of the Plan Amendment by the Company's stockholders and after the Company is once again current with its SEC reporting obligations.

Vote Required

The approval of the Plan Amendment requires the affirmative vote of a majority of shares present in person or by proxy at the Annual Meeting. Accordingly, an abstention or broker non-vote will have the legal effect of a vote against this proposal.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE APPROVAL OF THE FIRST AMENDMENT TO THE 2005 EQUITY AND PERFORMANCE INCENTIVE PLAN.

REPORT OF AUDIT COMMITTEE

During fiscal 2006, Audit Committee members were Messrs. Alexander, Curtis, Shay and Stokely, each having served for the entire fiscal year with the exception of Mr. Shay, who began serving on the Audit Committee on May 23, 2006. Each of the directors serving on the Audit Committee is "independent" as defined in Rule 4200(a) of the NASD listing standards. The Board has determined that each of the members meets the NASD regulatory requirements for financial literacy and that Mr. Stokely and Mr. Shay are "audit committee financial experts" as defined under Commission rules. The Audit Committee operates pursuant to a charter (the "Audit Committee Charter") approved and adopted by the Board. The Board amended the Audit Committee Charter on December 14, 2005. A copy of the Audit Committee Charter was attached to the proxy statement for the Company's 2006 Annual Meeting of Stockholders and is available on the Company's website at www.tsainc.com in the Investor Relations — Corporate Governance section.

The Audit Committee, on behalf of the Board, oversees the Company's financial reporting process as more fully described in the Audit Committee Charter. Management is responsible for the preparation, presentation and integrity of the Company's consolidated financial statements, accounting and financial principles, internal controls over financial reporting and compliance with laws and regulations and ethical business standards. Management is responsible for objectively reviewing and evaluating the adequacy, effectiveness and quality of the Company's system of internal controls. Audit Committee

members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management or the independent auditor.

The Company's independent auditor, KPMG LLP ("KPMG"), is responsible for performing independent audits of the Company's consolidated financial statements and the effectiveness of the Company's internal controls over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (United States) and to issue reports thereon. In fulfilling its oversight responsibilities, the Audit Committee (i) reviewed and discussed the audited financial statements and the footnotes thereto in the Company's annual report on Form 10-K for fiscal 2006 with management and KPMG, and (ii) discussed the quality, not just the acceptability, of the accounting principles, of the reasonableness of significant judgments and the clarity of the disclosures in the financial statements with management and KPMG. The Audit Committee discussed with the Company's internal auditors and KPMG, with and without management present, their evaluations of the Company's internal accounting controls and reviewed with management the bases for management's assessment of the effectiveness of the Company's internal controls over financial reporting.

The Company's independent auditor is responsible for expressing opinions on (i) the conformity of the Company's audited financial statements, in all material respects, to accounting principles generally accepted in the U.S., (ii) management's assessment of the effectiveness of the Company's internal controls over financial reporting, and (iii) the effectiveness of the Company's internal controls over financial reporting. The independent auditor has full and free access to the Audit Committee. The Company's independent auditor has expressed the opinion that the Company's audited financial statements conform, in all material respects, to accounting principles generally accepted in the U.S. The Audit Committee reviewed and discussed with the independent auditor its judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed by the Audit Committee with the Company's independent auditor under Statement on Auditing Standards No. 61, as amended.

The independent auditor expressed the opinion that management's assessment that the Company maintained effective control over financial reporting as of September 30, 2006 is fairly stated, in all material respects, based on criteria established in the Internal Control Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission

20

("COSO"). The independent auditor further expressed the opinion that the Company maintained, in all material respects, effective internal control over financial reporting as of September 30, 2006, based on the criteria established by COSO.

The Audit Committee discussed with the Company's independent auditor its independence from management and the Company, and received from them the written disclosures and the letter concerning the independent auditor's independence required by the Independence Standards Board Standard No. 1.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board that the audited consolidated financial statements be included in the Company's annual report on Form 10-K for fiscal 2006 for filing with the Commission. The Audit Committee also recommended to the Board the selection of KPMG to serve as the Company's independent auditor for the fiscal year ending September 30, 2007 subject to entering into a mutually agreed upon engagement letter.

PROPOSAL 4

RATIFICATION OF APPOINTMENT OF THE COMPANY'S INDEPENDENT AUDITOR

The Audit Committee has recommended, and the Board has approved, the appointment of KPMG as the Company's independent auditor for the fiscal year ending September 30, 2006 subject to entering into a mutually agreed upon engagement letter, and further subject to stockholder ratification. The Company initially engaged KPMG to serve as its independent auditor on May 29, 2002. Representatives of KPMG are expected to be present at the Annual Meeting to make a statement should they so desire and to respond to appropriate questions.

Audit Fees. The aggregate fees billed by KPMG for professional services rendered for the audit of the Company's annual consolidated financial statements for fiscal 2006 and the audit of the effectiveness of the Company's internal controls over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (the "PCAOB") (established under the Sarbanes-Oxley Act of 2002) totaled approximately \$4.5 million. The aggregate fees billed by KPMG for professional services rendered for the audit of the Company's annual consolidated financial statements for fiscal 2005 and the audit of the effectiveness of our internal controls over financial reporting in accordance with the standards of the PCAOB totaled approximately \$2.4 million.

Audit-Related Fees. The aggregate fees billed by KPMG for professional services rendered for assurance and related services that were reasonably related to the performance of the audit or review of the Company's financial statements that are not reported under "Audit Fees" above totaled \$24,390 for fiscal 2006. The professional services rendered consisted of (i) technical accounting consultations related to acquisition accounting matters, and (ii) other technical accounting consultations. The aggregate fees billed by KPMG for professional services rendered for assurance and related services that were reasonably related to the performance of the audit or review of the Company's financial statements that are not reported under "Audit Fees" above totaled \$36,500 for fiscal 2005. The professional services rendered consisted of (i) services associated with the Company's filing of an SEC S-8 registration statement; and (ii) other technical accounting consultations related to acquisition accounting matters.

Tax Fees. The aggregate fees billed by KPMG for tax-related services rendered to the Company for fiscal 2006 and 2005 totaled approximately \$123,029 and \$191,000, respectively. Tax fees billed by KPMG during fiscal 2006 and 2005 related primarily to tax planning projects and, to a lesser extent, tax compliance issues, including assistance in the preparation of (i) expatriate tax returns and payroll calculations, (ii) original and amended foreign income tax returns, (iii) amended state income tax returns, and (iv) foreign tax credit calculations.

All Other Fees. In fiscal 2006 and fiscal 2005, there were no other fees billed by KPMG for services rendered to the Company, other than the services described above under “Audit Fees,” “Audit-Related Fees” and “Tax Fees.”

The Audit Committee has considered whether the provision of the services by KPMG, as described above in “Tax Fees” and “All Other Fees,” is compatible with maintaining the independent auditor’s independence.

Pre-Approval of Audit and Non-Audit Services

The Company has adopted policies and procedures for pre-approval of all audit and non-audit services to be provided to the Company by its independent auditor and its member firms. Under these policies and procedures, all audit and non-audit services to be performed by the independent auditor must be approved by the Audit Committee. A proposal for audit and non-audit services must include a description and purpose of the services, estimated fees and other terms of the services. To the extent a proposal relates to non-audit services, a determination that such services qualify as permitted non-

audit services and an explanation as to why the provision of such services would not impair the independence of the independent auditor are also required. Any engagement letter relating to a proposal must be presented to the Audit Committee for review and approval, and the chairman of the Audit Committee may sign, or authorize an officer of the Company to sign, such engagement letter.

All services provided by the independent auditor in fiscal 2006 were approved by the Audit Committee.

Vote Required

The affirmative vote of a majority of the shares represented at the Annual Meeting and actually voting on this proposal is required for the approval of the proposal. Because only a majority of shares actually voting is required to approve Proposal 4, an abstention will have no effect on the outcome of the voting on this proposal

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE “FOR” RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS THE COMPANY’S INDEPENDENT AUDITOR FOR FISCAL 2007.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act and the rules of the Commission require the Company's directors, certain officers and beneficial owners of more than 10% of the outstanding Common Stock to file reports of their ownership and changes in ownership of Common Stock with the Commission. Personnel of the Company generally prepare these reports on behalf of its executive officers on the basis of information obtained from them and review the forms submitted to the Company by its non-employee directors and beneficial owners of more than 10% of the Common Stock. Based on such information, the Company believes that all reports required by Section 16(a) of the Exchange Act to be filed by its directors, officers and beneficial owners of more than ten percent of the Common Stock during or with respect to fiscal 2006 were filed on time.

The maximum number of shares that may be issued under the 2005 Incentive Plan as restricted stock, restricted stock units, performance shares and performance units (after taking into account forfeitures, expirations and transfers upon satisfaction of any withholding amount) is 2,500,000 shares of Common Stock. Under the Company's 2000 Non-Employee Director Stock Option Plan, options vest annually over a period of three years and have a term of ten years from the date of grant. The exercise price of options granted under the Company's 2000 Non-Employee Director Stock Option Plan is equal to the fair market value of the underlying Common Stock at the time of grant. Stockholder approval was neither required nor received in connection with the adoption of these plans and arrangements. Of the 14,712 outstanding options under these plans, 2,212 are options outstanding under the MDL Amended and Restated Employee Share Option Plan and 12,500 are options outstanding under the 2000 Non-Employee Director Stock Option Plan. In connection with stockholder approval of the 2005 Incentive Plan, the Board terminated both the MDL Amended and Restated Employee Share Option Plan and the 2000 Non-Employee Director Stock Option Plan. Termination of such plans did not affect any options outstanding under these plans immediately prior to termination thereof.

EMPLOYMENT AND CHANGE IN CONTROL AGREEMENTS

CEO Employment Agreement

On March 8, 2005, the Company entered into an Employment Agreement (the "CEO Employment Agreement") with Philip G. Heasley, pursuant to which Mr. Heasley agreed to serve as the Company's President and CEO for an initial term of four years. A copy of the CEO Employment Agreement was attached as Exhibit 10.1 to the Company's Current Report on Form 8-K filed March 10, 2005. Under the CEO Employment Agreement, Mr. Heasley will be employed through March 8, 2009 (the "Employment Period"), after which the Employment Period will be extended for successive one-year periods, unless the Company gives 30 days written notice to Mr. Heasley that the Employment Period will not be extended for an additional year or unless the Employment Period otherwise terminates. So long as Mr. Heasley continues to serve as President and CEO, the Board will nominate Mr. Heasley to serve as a member of the Company's Board of Directors. The CEO Employment Agreement provides that Mr. Heasley will receive an initial base salary of \$500,000 per year as well as other compensation, including bonus opportunities, as set forth in the CEO Employment Agreement. For fiscal year 2005, Mr. Heasley's bonus was based on (i) the achievement of the financial performance objectives set forth in the Company's 2005 Fiscal Year Management Incentive Compensation Plan, and (ii) the attainment of certain internal planning objectives.

The CEO Employment Agreement requires that Mr. Heasley purchase and hold, during the initial Employment Period, 100,000 shares of the Company's Common Stock. At the end of fiscal 2006, Mr. Heasley held 113,877 shares of the Company's Common Stock.

28

Pursuant to the CEO Employment Agreement, if Mr. Heasley's employment is terminated by the Company without cause or by Mr. Heasley for good reason, Mr. Heasley will be entitled to (i) a lump sum payment equal to his bonus for the quarter in which his employment is terminated; (ii) a lump sum payment equal to two times the sum of (A) his base salary at the time of termination and (B) his average annual bonus amount received during the two most recent fiscal years of the Company ending prior to the date of termination; and (iii) continued participation in the Company's medical and dental plans for two years or until he is covered under the plans of another employer. Mr. Heasley will also be subject to non-competition obligations for a period of one year following termination of his employment. The CEO Employment Agreement also provides that if payments by the Company to Mr. Heasley would be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code, then Mr. Heasley will be entitled to a gross up payment such that he will be in the same after-tax position as if no excise tax had been imposed. If Mr. Heasley is entitled to payments under the Change in Control Severance Compensation Agreement (as described below), no payment will be made to Mr. Heasley under the CEO Employment Agreement.

Lauder Employment Agreement

ACI Worldwide (EMEA) Limited ("ACI EMEA"), a wholly-owned subsidiary of the Company, and Richard N. Launder are parties to a Services Agreement dated July 10, 2000 (the "Services Agreement"). Pursuant to the Services Agreement, either party may terminate employment upon six months prior written notice, or payment in lieu thereof, and ACI EMEA may terminate Mr. Launder immediately for breach or non-performance of his obligations under the Services Agreement. Upon termination of the Services Agreement, Mr. Launder is subject to certain non-competition and non-solicitation obligations for a period of six months following termination of his employment regardless of the reason for termination.

CEO Change in Control Severance Agreement

On March 8, 2005, in connection with the entry into the CEO Employment Agreement described above, the Company entered into a Change in Control Severance Compensation Agreement (the "CEO Change in Control Agreement") with Mr. Heasley. The CEO Change in Control Agreement provides for a severance payment if Mr. Heasley's employment is terminated by the Company without cause or by Mr. Heasley with good reason within two years after a change in control of the Company. A copy of the CEO Change in Control Agreement was attached as Exhibit 10.3 to the Company's Current Report on Form 8-K filed March 10, 2005. The CEO Change in Control Agreement provides that the severance payment will be a lump sum cash payment and will include (i) a lump sum payment equal to two times the sum of (A) his base salary at the time of termination and (B) his average annual bonus amount received during the two most recent fiscal years of the Company ending prior to the date of termination; (ii) his earned but unpaid base salary through the date of termination of employment; (iii) a quarterly incentive award for the current fiscal quarter, prorated through the date of termination of employment; and (iv) interest on the amounts described in (i), (ii) and (iii). Additionally, Mr. Heasley will be entitled to continued participation in employee benefit plans and programs of the Company for two years or until he receives equivalent coverage and benefits under the plans or programs of a subsequent employer. The CEO Change in Control Agreement also provides that if payments by the Company to Mr. Heasley would be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code, then Mr. Heasley will be entitled to a gross up payment such that he will be in the same after-tax position as if no excise tax had been imposed.

29

Change in Control and Severance Compensation Agreements

At the end of fiscal 2006, the Company had entered into Change in Control Severance Compensation Agreements (the "Severance Agreements") with four of the Named Executive Officers, five other executive officers and six other employees. As of March 15, 2007, the Company had Severance Agreements with four of the Named Executive Officers, four other executive officers and five other employees. The Severance Agreement for Mr. Heasley is described

under “CEO Change in Control Severance Agreement” and is not included in the numbers for Named Executive Officers listed above. The following is a summary of the other Severance Agreements.

Generally, the Severance Agreements provide that if there is a change in control (as defined in the Severance Agreements) of the Company and the employee’s employment with the Company is subsequently terminated within two years after the change in control, other than as a result of death, retirement, termination by the Company for cause or the employee’s decision to terminate employment other than for good reason, the employee will be entitled to receive from the Company certain payments and benefits. These payments and benefits include (i) a lump-sum payment (the “Lump-Sum Payment”) equal to the employee’s average fiscal-year compensation for the two most recent fiscal years of the Company ending prior to the date of termination; (ii) earned but unpaid base salary through the date of termination; (iii) a quarterly incentive award for the current fiscal quarter prorated through the date of termination equal to the greater of the quarterly incentive award made to the employee for the most recent fiscal quarter ending prior to the date of termination or the average quarterly incentive award made to the employee for the most recent three fiscal years ending prior to the date of termination; (iv) interest on the amounts described in (i), (ii) and (iii); and (v) unless the employee’s termination of employment is the result of the employee’s disability, continued participation at the Company’s cost in employee benefit plans available to Company employees generally in which the employee was participating, until the earlier of receiving equivalent benefits from a subsequent employer or one year from the date of termination.

For purposes of the Severance Agreements, an employee’s fiscal-year compensation generally includes compensation includable in the gross income of the employee, but excludes amounts realized on the exercise of non-qualified stock options, amounts realized from the sale of stock acquired under an incentive stock option or an employee stock purchase plan and compensation deferrals made pursuant to any plan or arrangement maintained by the Company. In the case of two executive officers, the Lump-Sum Payment shall in no event be less than two times the employee’s annual rate of base salary at the higher of the annual rate in effect (i) immediately prior to the date of termination or (ii) on the date six months prior to the date of termination. In the case of the other executive officers and other employees party to the Severance Agreements, the Lump-Sum Payment shall in no event be less than one times the employee’s annual rate of base salary at the higher of the annual rate in effect (i) immediately prior to the date of termination or (ii) on the date six months prior to the date of termination. Under the Severance Agreements, in the event of a change in control, unvested awards and benefits (other than stock options or awards) allocated to the employee under incentive plans shall fully vest and become payable in cash. However, vesting of stock options or other awards may accelerate upon a change in control as set forth in the applicable option or award agreement.

The Severance Agreements provide that in the event any payment by the Company would be subject to the excise tax imposed by Section 4999 of the Code, or any interest or penalties are incurred by the employee with respect to such excise tax, then the employee will be entitled to an additional payment in an amount such that, after payment by the employee of all taxes, the employee is in the same after-tax position as if no excise tax had been imposed. Under the Severance Agreements, the Company agrees to indemnify the employee to the fullest extent permitted by law if the employee is a party or threatened to be made a party to any action, suit or proceeding in which the employee is involved by reason of the fact that the employee is or was a director or officer of the

Company, by reason of any action taken by him or of any action on his part while acting as director or officer of the Company or by reason of the fact that he is or was serving at the request of the Company as a director, officer, employee or agent of another enterprise. The Company also agrees to obtain and maintain a directors’ and officers’ liability insurance policy covering the employee. The Severance Agreements terminate upon the earlier of (a) termination of employment for any reason prior to a change in control or (b) three years after the date of a change in control.

In addition to the above Severance Agreements, the Company entered into Severance Compensation Agreements (the “Severance Compensation Agreements”) with one executive officer that joined the Company during fiscal 2004 and two executive officers that joined the Company in fiscal 2003. A form of the Severance Compensation Agreement was attached as Exhibit 10.3 to the Company’s Current Report on Form 8-K filed on September 29, 2004 and as Exhibit 10.15 to the Company’s annual report on Form 10-K for fiscal 2003. As of March 15, 2007, the Company only has Severance Compensation Agreements with the two executive officers that joined the Company in fiscal 2003. The Severance Compensation Agreements provide that if the employee’s employment with the Company is terminated, other than as a result of death, disability, retirement or termination by the Company for cause, the employee will be entitled to receive from the Company a lump-sum payment within five days after the date of termination and certain benefits. The lump-sum payment and benefits include (i) base salary for six months; (ii) earned but unpaid base salary through the date of termination; (iii) a quarterly incentive award for the current fiscal quarter prorated through the date of termination equal to the quarterly incentive award made to the employee for the most recent fiscal quarter ending prior to the date of termination; and (iv) continued participation at the Company’s cost in employee benefit plans available to Company employees generally in which the employee was participating, until the earlier of receiving equivalent benefits from a subsequent employer or six months from the date of termination.

Non-Compete Agreements

Each of Messrs. Parkinson and Vipond are parties to the Stock and Warrant Holders Agreement, dated as of December 31, 1993, whereby each has agreed not to compete with the Company for so long as he is employed by the Company. At the election of the Company, the non-compete agreement may be extended for two years after termination of employment provided that, the Company pays for a period of two years, in accordance with the Company’s normal pay periods, 50% of the individual’s average annual compensation, defined to be the average annual compensation (consisting of salary and cash compensation pursuant to incentive plans) for the three calendar years preceding the date of termination if termination of employment is voluntary or for cause and 100% if employment terminates for any other reason.

REPORT OF COMPENSATION COMMITTEE

The Company has a standing Compensation Committee. The Compensation Committee operates pursuant to a charter (the “Compensation Committee Charter”) approved and adopted by the Board. A copy of the Compensation Committee Charter is available on the Company’s website at www.tsainc.com in the Investors — Corporate Governance section. The Compensation Committee members are Messrs. Alexander, Keever and Seymour, each of whom served for all of fiscal 2006 and is “independent” as defined in Rule 4200(a) of the NASD listing standards. The Compensation Committee approves base salary and incentive compensation for, and addresses other compensation matters with respect to, officers of the Company, including executive officers. The Compensation Committee grants all stock options and other equity awards to executive officers and other employees based on management recommendations.

Compensation Philosophy and Process

The Company operates in the extremely competitive and rapidly changing technology industry. The Company's compensation program is intended to provide executive officers with overall levels of compensation opportunity that are competitive within the software and computer services industries, as well as within a broader spectrum of companies of comparable size and complexity. The Company's compensation program is structured and administered to (i) attract, motivate and retain talented executives responsible for the success of the Company, (ii) support the Company's business strategy and (iii) generate favorable returns for its stockholders by aligning the interests of executive officers with those of stockholders.

Prior to setting fiscal 2006 executive officer compensation, the Company engaged Watson Wyatt Worldwide ("Watson Wyatt") to provide independent advice regarding the structure and competitiveness of the overall executive officer compensation program. Competitive data from a peer group of similar companies approved by the Compensation Committee was utilized in the establishment of the fiscal 2006 compensation program for executive officers.

Compensation Components

The Company's fiscal 2006 executive compensation program consisted of base salaries, annual incentive plans, and long-term equity incentive awards.

Base Salary. Each executive officer's base salary, except the CEO's, is based on the recommendation of the CEO to the Compensation Committee taking into account competitive data from the peer group as well as the Company's operating budget for the year, relative levels of incentive compensation and long-term equity, the performance of a particular executive's business unit or department in relation to established strategic plans, and the overall operating performance of the Company.

Incentive Compensation Plan. A cash incentive compensation plan is established for each executive officer at the beginning of each fiscal year as part of Company's review of its strategic plan and establishment of its annual operating budget. The CEO provides recommendations to the Compensation Committee for incentive compensation for each executive officer, excluding himself.

In fiscal 2006, an executive's potential compensation under the Company's incentive compensation plans was related to the Company's revenue, operating margins, recurring revenue, the financial performance of the executive's division or department and individual business objectives, with each component having an established weighting within a plan. The plans provided for incentive payments ranging from 0% to 200% of the targeted incentive with 10% of the targeted incentive compensation being earned for 91% achievement of the established components to 200% of the targeted incentive compensation being earned for 108.3% achievement of the established components. The incentive compensation earned during fiscal 2006 by the Company's executive officers exceeded targeted levels established for one executive officer.

Long-Term Equity Compensation. In fiscal 2006, long-term equity compensation consisted of the expected value of stock options and LTIP Performance Shares (as defined below). The goal of the Company's long-term equity compensation is to align the interests of executive officers with stockholders and to provide each executive officer with an incentive to manage the Company from the perspective of an owner with an equity stake in the business.

Stock Options. Stock options are granted to executive officers and other key employees in amounts based upon their position and individual performance. Stock options are granted at fair market value at the time of grant and have a term of ten years. Each stock option grant allows the executive officer to acquire shares of the Company's Common Stock at a fixed price per share based

on the fair market value at the time of grant. The stock option grants will only provide a return to the executive if the Company's Common Stock appreciates over the option term.

LTIP Performance Shares. In late fiscal 2005, the Company adopted a long term-incentive program ("LTIP") pursuant to which the Company's executive officers and other senior managers will be eligible to receive performance shares representing shares of the Company's Common Stock ("LTIP Performance Shares") on an annual basis. The LTIP Performance Shares are earned based upon the achievement, over a three-year period (the "Performance Period"), of performance goals relating to the following: (a) the compound annual growth over the Performance Period in the 60-month contracted backlog for the Company and all subsidiaries as determined by the Company, (b) the compound annual growth over the Performance Period in the diluted earnings per share as reported in the Company's financial statements, and (c) the compound annual growth over the Performance Period in the total revenues as reported in the Company's financial statements. Each of the performance goals will have an established weighting within the applicable annual statement of performance goals. Together with stock options, LTIP Performance Shares serve to align executives' interests with stockholders and provide incentives for the creation of long-term stockholder value. The Performance Period for the initial grant of LTIP Performance Shares commenced with fiscal 2006 and runs through fiscal 2008.

CEO's Compensation. On March 8, 2005, the Company entered into an employment agreement with Philip G. Heasley. (the "CEO Employment Agreement"). The CEO Employment Agreement provides that Mr. Heasley will receive an initial base salary of \$500,000 per year and shall be eligible for on-target incentive compensation of \$500,000 per year. In determining the CEO compensation, the Company engaged Watson Wyatt to provide a competitive analysis of CEO compensation and, along with other of the Company's outside advisors, to provide advice and counsel on the material terms of the CEO Employment Agreement. The Compensation Committee believes that the structure of Mr. Heasley's compensation, consisting of base salary, incentive compensation and stock option awards, aligns Mr. Heasley's interests with the long-term interest of the Company's stockholders.

As of the date of the CEO Employment Agreement, Mr. Heasley's annualized base salary of \$500,000 was between the 50th and 75th percentile of the competitive market data provided by Watson Wyatt. At 100% of his base salary, Mr. Heasley's on-target incentive compensation is a significant portion of his total potential annual compensation. The Compensation Committee determined that tying a significant portion of Mr. Heasley's potential annual compensation to performance criteria established under the Company's incentive compensation plans provides appropriate incentive for Mr. Heasley to achieve the Company's financial and strategic objectives. As of the date of the CEO Employment Agreement, Mr. Heasley's total on-target annualized compensation of \$1,000,000 was at approximately the 75th percentile of the competitive market data.

For fiscal 2006, Mr. Heasley's cash incentive compensation was based upon the achievement of key financial performance objectives established under the Company's 2006 incentive compensation plan for executive officers generally. In accordance with the terms of the Company's 2006 incentive compensation plan, Mr. Heasley received fiscal 2006 cash incentive compensation of \$360,378 which represents 72% of his annual on-target amount.

Pursuant to the CEO Employment Agreement, the Company granted Mr. Heasley an option to purchase 1,000,000 shares of Common Stock of the Company with an exercise price of \$22.65 per share. Six hundred thousand (600,000) of the option shares are time-vested and will vest 25% per year beginning with the first anniversary of the date of grant. The remaining four hundred thousand (400,000) of the option shares are performance-vested and will

vest, if at all, upon the attainment by the Company, at any time following the second anniversary of the date of grant of the option, of a market price per share of the Company's Common Stock of at least \$50 for 60 consecutive trading

days. Mr. Heasley's stock option agreement provides for accelerated vesting of the option shares under certain circumstances as set forth in the option agreements.

On December 13, 2005, the Company granted Mr. Heasley 12,000 LTIP Performance Shares with a grant date fair value of \$29.96 per share. These Performance Shares are earned, if at all, based upon the achievement during a Performance Period from October 1, 2005 through September 30, 2008, of performance goals related to (i) the compound annual growth over the Performance Period in the Company's 60-month contracted backlog as determined by the Company, (ii) the compound annual growth over the Performance Period in the diluted earnings per share as reported in the Company's consolidated financial statements, and (iii) the compound annual growth over the Performance Period in the total revenues as reported in the Company's consolidated financial statements. The performance goal weightings are 20% for 60-month contracted backlog, 40% for diluted earnings per share and 40% for total revenues. In no event will any of Mr. Heasley's LTIP Performance Shares become earned if the Company's earnings per share is below a predetermined minimum threshold level at the conclusion of the Performance Period.

The CEO Employment Agreement requires that Mr. Heasley purchase and hold during the initial four-year term of the agreement 100,000 shares of the Company's Common Stock. At the end of fiscal 2006, Mr. Heasley held 113,877 shares of the Company's Common Stock.

Compliance with Internal Revenue Code Section 162(m). Section 162(m) of the Code generally disallows a tax deduction to public companies for compensation over \$1,000,000 paid to the corporation's CEO and the four other most highly compensated executive officers. Qualifying performance-based compensation will not be subject to the deduction limit if certain requirements are met.

ARTICLE X

Section 1. *Right to Indemnification.* Each person who was or is made a party or is threatened to be made a party to or is otherwise involved in any action, suit or proceeding, whether civil, criminal, administrative or investigative (a “**Proceeding**”), by reason of the fact that he or she is or was a director or an officer of the Corporation or is or was serving at the request of the Corporation as a director, officer, employee or agent of another company or of a partnership, joint venture, trust or other enterprise, including service with respect to an employee benefit plan (an “**Indemnitee**”), whether the basis of such Proceeding is alleged action in an official capacity as a director, officer, employee or agent or in any other capacity while serving as a director, officer, employee or agent, shall be indemnified and held harmless by the Corporation to the fullest extent permitted or required by the DGCL, as the same exists or may hereafter be amended (but, in the case of any such amendment, only to the extent that such amendment permits the Corporation to provide broader indemnification rights than such law permitted the Corporation to provide prior to such amendment), against all expense, liability and loss (including attorneys’ fees, judgments, fines, ERISA excise taxes or penalties and amounts paid in settlement) reasonably incurred or suffered by such Indemnitee in connection therewith; provided, however, that, except as provided in Section 3 of this ARTICLE X with respect to Proceedings to enforce rights to indemnification, the Corporation shall indemnify any such Indemnitee in connection with a Proceeding (or part thereof) initiated by such Indemnitee only if such Proceeding (or part thereof) was authorized by the Board of Directors of the Corporation.

Section 2. *Right to Advancement of Expenses.* The right to indemnification conferred in Section 1 of this ARTICLE X shall include the right to be paid by the Corporation the expenses (including, without limitation, attorneys’ fees and expenses) incurred in defending any such Proceeding in advance of its final disposition (an “**Advancement of Expenses**”); provided, however, that, if the DGCL so requires, an Advancement of Expenses incurred by an Indemnitee in his or her capacity as a

A-3

director or officer (and not in any other capacity in which service was or is rendered by such Indemnitee, including, without limitation, service to an employee benefit plan) shall be made only upon delivery to the Corporation of an undertaking (an “**Undertaking**”), by or on behalf of such Indemnitee, to repay all amounts so advanced if it shall ultimately be determined by final judicial decision from which there is no further right to appeal (a “**Final Adjudication**”) that such Indemnitee is not entitled to be indemnified for such expenses under this Section 2 or otherwise. The rights to indemnification and to the Advancement of Expenses conferred in Sections 1 and 2 of this ARTICLE X shall be contract rights and such rights shall continue as to an Indemnitee who has ceased to be a director, officer, employee or agent and shall inure to the benefit of the Indemnitee’s heirs, executors and administrators.

Section 3. *Right of Indemnitee to Bring Suit.* If a claim under Section 1 or 2 of this ARTICLE X is not paid in full by the Corporation within 60 calendar days after a written claim has been received by the Corporation, except in the case of a claim for an Advancement of Expenses, in which case the applicable period shall be 20 calendar days, the Indemnitee may at any time thereafter bring suit against the Corporation to recover the unpaid amount of the claim. If successful in whole or in part in any such suit, or in a suit brought by the Corporation to recover an Advancement of Expenses pursuant to the terms of an Undertaking, the Indemnitee shall be entitled to be paid also the expense of prosecuting or defending such suit. In (i) any suit brought by the Indemnitee to enforce a right to indemnification hereunder (but not in a suit brought by the Indemnitee to enforce a right to an Advancement of Expenses) it shall be a defense that, and (ii) any suit brought by the Corporation to recover an Advancement of Expenses pursuant to the terms of an Undertaking, the Corporation shall be entitled to recover such expenses upon a Final Adjudication that, the Indemnitee has not met any applicable standard for indemnification set forth in the DGCL. Neither the failure of the Corporation (including its Board of Directors, independent legal counsel or stockholders) to have made a determination prior to the commencement of such suit that indemnification of the Indemnitee is proper in the circumstances because the Indemnitee has met the applicable standard of conduct set forth in the DGCL, nor an actual determination by the Corporation (including its Board of Directors, independent legal counsel or stockholders) that the Indemnitee has not met such applicable standard of conduct, shall create a presumption that the Indemnitee has not met the applicable standard of conduct or, in the case of such a suit brought by the Indemnitee, be a defense to such suit. In any suit brought by the Indemnitee to enforce a right to indemnification or to an Advancement of Expenses hereunder, or brought by the Corporation to recover an Advancement of Expenses pursuant to the terms of an Undertaking, the burden of proving that the Indemnitee is not entitled to be indemnified, or to such Advancement of Expenses, under this ARTICLE X or otherwise shall be on the Corporation.

Section 4. *Non-Exclusivity of Rights.* The rights to indemnification and to the Advancement of Expenses conferred in this ARTICLE X shall not be exclusive of any other right which any person may have or hereafter acquire under any statute, the Corporation’s Certificate of Incorporation or Bylaws, any agreement, any vote of stockholders or disinterested directors or otherwise.

Section 5. *Insurance.* The Corporation may maintain insurance, at its expense, to protect itself and any director, officer, employee or agent of the Corporation or another corporation, partnership, joint venture, trust or other enterprise against any expense, liability or loss, whether or not the Corporation would have the power to indemnify such person against such expense, liability or loss under the DGCL.

Section 6. *Indemnification of Employees and Agents of the Corporation.* The Corporation may, to the extent authorized from time to time by the Board of Directors, grant rights to indemnification and to the Advancement of Expenses to any employee or agent of the Corporation to the fullest extent of the provisions of this ARTICLE X with respect to the indemnification and Advancement of Expenses of directors and officers of the Corporation.
